

## APPLICATION FOR SUBDIVISION APPROVAL

### Introduction

If you are proposing to subdivide or change the surveyed boundary of your property, you must first get approval to do so from the appropriate authority. In Yukon, this includes either:

1. **The Government of Yukon, subdivision approving officer** (for subdivision approval anywhere in Yukon, other than Whitehorse or Dawson) or;
2. **The City of Whitehorse** (for subdivision approval within Whitehorse) or;
3. **The City of Dawson** (for subdivision approval within Dawson).

**This application form deals only with subdivision approvals that fall under the jurisdiction of the Government of Yukon.** (If your property is within either the City of Whitehorse or the City of Dawson, you must contact the applicable agency.)

If you are considering subdivision, consult with the Land Planning Branch to discuss your preliminary proposal and the eligibility criteria and requirements that apply to your situation. There are a number of factors that may determine if subdivision of your land is possible (physical site characteristics, access, utilities, land planning and zoning, etc.).

The Land Planning Branch can explain the subdivision approval process, review your preliminary proposal, and help determine if you are eligible to subdivide your land.

To proceed with making a formal subdivision application, it is important that you read the following instructions and information carefully.

### Land Planning Branch

Department of Energy, Mines and Resources  
Government of Yukon  
Box 2703 (K-320LP)  
Whitehorse, Yukon, Y1A 2C6  
Phone: 867-667-3515  
Email: [landplanning@gov.yk.ca](mailto:landplanning@gov.yk.ca)

## Application process and fees

- Complete the attached application form and make sure the information you provide is thorough and accurate. Submit all required information, documentation (such as sketches) and fees with your application.
- You must pay a non-refundable application fee of \$100.00 + \$5.00 GST = \$105.00.
- On receipt, the Land Planning Branch will review your subdivision application to ensure that it is complete and complies with applicable legislation and bylaws.
- As part of the Government of Yukon's review process, your application is distributed to various governments and community agencies for technical review. The Government of Yukon may issue a public notice. (Refer to the *Access to Information and Protection of Privacy Act* disclaimer on the application form.)
- Following the review process, a subdivision approving officer will decide whether to approve, approve with conditions, or deny the application.
- You will receive a formal notice of the decision.
- It may take up to 90 days from the time your application is accepted to when a decision is made.
- If your application is approved, you must hire a lands surveyor of your choice to complete a legal survey. You will have up to one year to complete and register the legal survey. Upon final approval of the survey, you are required to pay an additional approval fee of \$100.00 + \$5.00 GST = \$105.00 for each **additional** lot created to a maximum of \$1,000.00. For instance, if you begin with a single lot and it is divided into three new lots, you will be required to pay the additional approval fees of \$200.00 + \$10.00 GST = \$210.00 for the two additional lots created.
- In some cases there may be specific conditions attached to an approval. For instance, a development agreement may be required where there is a need for the applicant to construct road access, utilities or services to the newly created lots.
- If your application is denied or you do not agree with conditions imposed in your approved application, you may appeal the decision through the Yukon Municipal Board per the Subdivision Act.
- If you have questions about the application and review processes, contact the Land Planning Branch.
- Retain a copy of your application package for future reference and for your records.

## Related permitting and authorizations

The following is a list of other departments and agencies responsible for related permitting and authorizations. Depending on the nature and circumstances of your application, we suggest you contact these other agencies to find out if further approvals are required.

Explain why you wish to subdivide this land, for what purpose the land will be used and the expected development time frame. (Attach a separate sheet if necessary.)

Survey new lot for residential purposes.  
 Agreement for Sale holder has already developed Lot  
 (A/S has been effective since 1989)

**Services**

Existing/proposed provision for drinking water

haul

Existing/proposed provision for sewage treatment/disposal

outhouse

Existing/proposed provision for disposal of garbage/solid waste

haul

Existing/proposed provision for electricity

Existing/proposed provision for telephone, other utilities, etc.

Are there any overhead or underground utilities located within or adjacent to the application area?

Yes

No

If yes, are the application lands subject to any existing easements?

No. easement on lot

Overhead power from road to the north of the lot

Is application area presently served by an established fire department?

Yes

No

If yes, give name/location of fire dept:

Mendenhall Fire dept.

Location of and distance to nearest school and school bus route (where applicable)

N/A

Existing/proposed provision parks, open space or other recreational amenities

N/A

**Access**

Existing/proposed provision for vehicle access to site. (Will any new access be required, connecting to an existing public road or highway?)

existing access

Will new road be surveyed and constructed as part of this subdivision proposal?

Yes  No

If yes, fully explain the nature of the access, and if/how other users of access might be affected.

**Improvements/structures**

Are there any existing improvements located on the application area (buildings, fences, septic fields, wells, gardens, etc.)? If yes, is the applicant the sole owner of these improvements? Does the subdivision layout respect the location of any permanent structures?

Yes  No

- 1 cabin (16'x24')
- no fencing
- outhouse (no septic)

**Site characteristics**

Soils (sand, gravel, clay, silt, peat, etc.)

mixed soils, gravel driveway

Vegetation (spruce, pine, poplar, willow, clear, etc.)

Topography (flat, steep, rolling, etc.)

on a slight south facing incline.

Water courses and site drainage (rivers, streams, lakes, ponds, drainage ditches within or adjacent to application area)

NO.

Any known significant historical or heritage features on or near this site

No

Any known significant fish or wildlife habitat on or near this site

moose, deer.

**Land use planning and zoning**

The Land Planning Branch may provide assistance if current zoning information is not known. Call 867-667-3515.

**Submittal information**

**Required additional information – the following information must be submitted with all applications**

**Sketch plan** – Provide 3 copies of a sketch plan, drawn at a legible scale, showing the scheme of the proposed parcel configuration. Including the following information:

- Title block (giving description of application lands)
- Arrow indicating North
- Drawing scale
- Existing lot numbers of any adjacent lands
- Configuration/location of proposed (and adjacent existing) parcels of land
- Dimensions and bearings for all proposed and existing lot lines
- Roads, trails, pathways located on or near the application area
- Water bodies, drainage courses located on or near the application area
- Location of existing or proposed improvements on or near the application area
- Existing or proposed utilities (electrical, water, sewer, etc.)

**Ownership/title**

- Copy of certificate of title *N/A*
- Copy of any caveats or encumbrances registered against the title

**Proof of property taxes paid**

- Written verification from the appropriate taxing authority that all property taxes have been paid on the core parcel(s) being enlarged

**Additional information – the following information must be submitted, depending on the nature of request.**

Depending on the nature, magnitude or location of any given application, an applicant may be required to undertake and provide further studies or assessments. This may include, but is not limited to such things as: environmental impact assessments, fisheries studies, geotechnical investigations, further public consultation etc.

**If the application is within the boundaries of a municipality**, provide written confirmation from that municipality that either:

- the proposed use **is** in compliance with existing planning and zoning schemes, or
- the proposed use **is not** currently in compliance with existing planning or zoning, but will be considered through an established public zoning/planning amendment process.

**Development requirements:** subdivision applications may include conditions requiring certain work to be performed.

- In some cases, public infrastructure included in subdivisions will be transferred and become the responsibility of the government or municipality. This includes such things as roads, streets, parks, public utility lots, water and sewer services, etc. To ensure that subdivisions are developed to accepted standards, there may be a requirement for a development agreement to be entered into between the parties. This development agreement may include the provision for the applicant to post performance security.

**If the application has an agent include:**

- a document signed by the registered owner(s) of land(s) authorizing the listed agent to act on their behalf.

**Applicant/owner consent**

I/we certify that I am/we are the registered owner(s) of the land described in this application.

I/we certify that all of the submitted information is true and correct to the best of my knowledge and belief.

I/we understand that any misrepresentation of submitted data may invalidate any approval of this application.
