March 25th, 2011

Pamela O'Hara
VP Environment and Community Affairs
Yukon Zinc Corporation
701 – 475 Howe Street
Vancouver, BC
V6C 2B3

Dear Pamela:

**Re: Approval of Wolverine Mine Waste Management Plan V2010-03 and
Spill Contingency Plan V2010-03**

Pursuant to section 12 of Quartz Mining License QML-0006 (the "License") for the Wolverine Project, two updated environmental protection plans have been submitted to the Chief for review and approval. These plans for the Wolverine Mine entitled "*Waste Management Plan, V2010-03*", dated February 4, 2011, and "*Spill Contingency Plan, V2010-03*", dated March 10, 2011, (the "Plans") have both been prepared and submitted by Yukon Zinc Corporation.

I, in my capacity as Chief, have reviewed the above Plans and have determined that they are approved.

I wish to remind you that as per section 12.6 of the License, immediately upon approval you must undertake the activities described in the Plans.

Schedule C of the License has been revised to reflect these approved Plans and the updated version is attached to this letter. This Schedule C revision replaces any previous version.

Pamela O'Hara
