Dear Melissa,

**Re: Approval of Wolverine Project Wildlife Protection Plan Version 2009-01**

Pursuant to section 12.3 of Quartz Mining License QML-0006 (the "License"), you have submitted a Wildlife Protection Plan (the "Plan") to the Chief for review and approval. This document is entitled "Wolverine Project, Wildlife Protection Plan, Version 2009-01", dated April 9<sup>th</sup>, 2009, and prepared by Yukon Zinc Corporation in partnership with Ross River Dena Council, Liard First Nation and Yukon Environment. The Plan was received in our office on April 16<sup>th</sup>, 2009.

I have reviewed the Plan and have determined that it is approved. I wish to remind you at this time that, as required by section 12.6 of the License, upon approval, the Licensee must immediately undertake the activities described in the plan. The approved Plan immediately replaces Appendix D (entitled "Wolverine Project Wildlife Protection") of the General Site Plan Version 2008-04.

Schedule C of the License has been revised to reflect this Plan approval. An updated Schedule C is attached to this letter and replaces any previous version.

If you have any questions or concerns, please do not hesitate to contact me at (867) 667-3126.

Sincerely,

A handwritten signature in black ink, appearing to read "Robert Holmes".
