Compiled by: B. Elder, D. Sacco & R. McKillop

Basemap images provided by respondents.gov.ca. Interpretations were made based on 2013-2016 images. Boundaries of disturbance were derived based on 2016 imagery and 2015/2017 1:50,000 scale aerial photography. Additional disturbance data includes other anthropogenic areas derived from data provided by Ducks Unlimited.

Contours and watercourses provided by Nature Resources Canada. Contours and watercourses are at a scale of 1:50,000. Contour information derived under the Open Government Licence - Canada.
