Basemap imagery provided by geobase.gov.ca. Interpretation was made based on 2013-2016 imagery. Boundaries of disturbance were generated based on 2016 imagery and 2015/2017 field observations. Wetland boundaries were generated using a combination of field observations and data provided by Ducks Unlimited.

Contours and watercourses provided by Yukon Resources Canada. Contours and watercourses are at a scale of 1:50,000. Contour information based under the Open Government Licence - Canada.
