Basemap imagery provided by mapbox.com. Interpretation was made based on 2013-2016 imagery. Boundaries of disturbance were derived based on 2016 imagery and 2015/2017 field observations. Wetland boundaries were derived using a combination of field observations and aerial photography. Wetland boundaries were derived from data provided by Ducks Unlimited.

Contours and watercourses provided by Nature Resources Canada. Contours and watercourses are a scale of 1:50,000. Contour information derived under the Open Government Licence - Canada.
