Revised map imagery provided by respondents.gov.ca.ca. Interpretations were made based on 2013-2016 imagery. Boundaries of disturbance were derived based on 2016 imagery and 2013-2017 field observations. Additional metadata and metadata tables with anthropogenic areas derived from data provided by Ducks Unlimited.

Contours and watercourses provided by Nature Resources Canada. Contours and watercourses are a scale of 1:50,000. Contour information based under the Open Government Licence - Canada.
