### Robert S. Tolbert LQ00370d

### Appendix B Proponent Commitments

- All pilots on the project will be required to be familiar with Flying in Sheep Country: How to Minimize Disturbance From Aircraft (MERG Report 2002-6).
- With particular reference to the Wildlife Key Area for Thinhorn winter habitat no
  work is foreseen during the winter months in the initial exploration phase of the
  project. Furthermore, the Key Area is outside of the Principle Work Area and is 6
  km south of camp on a south facing slope that thereby provides no exposure to
  property access routes (both ground and air) or foreseen intensive exploration
  activity.
- A strict no hunting policy applies on all Canarc Resources Corp. Projects and both recreational and off-trail used of vehicles is not permitted. (proponent commitment is expected to be adapted by Robert S. Tolbert)
- We strive to minimize disturbance to all wildlife. Consultation will be sought out from local sources to understand the specific concerns for the Tay-LP project area.
