Sylvain Montreuil

Dear Sylvain Montreuil:

Re: Class 1 Notification P2022_0153 - Allowed with additional terms and conditions.

This letter is to inform you that your Class 1 Notification P2022_0153 is valid as of May 31, 2022.

Your Class 1 Notification and proposed work program (May 31, 2022 - May 30, 2023) is allowed to proceed with the following terms and conditions:

- The map provided identifies areas with elevated potential for heritage resources. The operator shall avoid ground disturbing activities within this/these area(s) unless prior approval has been granted by the Heritage Resources Unit. The operator may contact Holly Smith at the Heritage Resources Unit (867-332-4057 or holly.smith@yukon.ca) for more information on the areas of heritage potential to discuss potential mitigation options prior to conducting any ground disturbing activities.
- There are documented archaeological sites within the notification area, as identified on the map provided. The operator shall not engage in any ground-disturbing activities within 30 m of the(se) site(s) unless prior approval has been granted by the Chief of (Placer/Mining) Land Use. The operator is encouraged to contact Holly

Smith at the Heritage Resources Unit (867-332-4057 or holly.smith@yukon.ca) for information on the archaeological sites to discuss potential mitigation options prior to conducting any ground disturbing activities.

- There are documented historical features within the notification area, as identified on the map provided. The operator shall not engage in ground-disturbing activities within 30 m of the(se) site(s) unless prior approval has been granted by the Chief of (Placer/Mining) Land Use. The operator is encouraged to contact Lee Whalen at the Historic Sites Unit (lee.whalen@yukon.ca) for more information on the historic sites prior to conducting any potentially ground disturbing activities.
- There are documented historical features (the Ridge Road Trail and Yukon Ditch) within the notification area, as identified on the map provided. The Ridge Road Heritage Trail is a heritage reserve managed by Tourism and Culture and Energy Mines and Resources. The operator shall not engage in ground-disturbing activities within 30 m of the heritage trail unless prior approval has been granted by the Chief of Mining Land Use. The operator is encouraged to contact Lee Whalen at the Historic Sites Unit (lee.whalen@yukon.ca) for more information on the historic sites/reserves prior to conducting any potentially ground disturbing activities.
- The notification area is in a fossil bearing drainage. As per the Schedule 1 Operating Conditions, all palaeontological resources uncovered during operations must be reported to the Yukon government.
- The claim(s) included in the notification also overlaps with wildlife key area for moose. To reduce impacts to moose, best management practices are encouraged and all wildlife should be given the right of way.
- Upon discovery of a heritage resource the proponent shall notify the Heritage Department of Tr'ondëk Hwëch'in First Nation (867.993.7100 ext. 173), in addition to the Government of Yukon, Chief of Mining Lands and Heritage Branch.
- Earthworks shall be sloped at one end to allow for wildlife escapement and shall be reclaimed as soon as they are no longer required for mining purposes.

Security may be required at any time by the Chief. The operator must furnish security within thirty (30) days of receiving the written notice from the Chief of the requirement to post security.

To help improve the environmental performance of your program, you are encouraged to refer to the attached operational guidelines. In addition, you are encouraged to contact affected First Nations to further discuss your program.

Class 1 work cannot occur on claims/leases that have lapsed or pending claims/leases until they are granted by a Mining Recorder. Please ensure the claims/leases within your Class 1 Notification are in good standing prior to beginning your work program. Any work occurring on pending or lapsed claims/leases will be in contravention of the *Placer Mining Act* and *Territorial Lands (Yukon) Act* and representation work conducted will not be accepted by the Mining Recorder.

Please note: the notification will expire on May 30, 2023 and all reclamation must be completed at the end of the program or prior to the expiry of this notification, whichever comes first. All proposed activities must abide by Schedule 1 (Operating Conditions) of the *Placer Mining Land Use Regulation*

. In the event that claims/leases lapse, a Class 3 or 4 authorization is issued, or that agreements to operate on claims/leases are dissolved, the Class 1 notification becomes null and void for that portion of the program, where there is no right to the minerals.

If you have any questions about this letter, please contact the district office by phone at 867-993-5343, fax at 867-993-6747, or email at dawson.mining@yukon.ca.

Sincerely,
Tamera Johnson
