Dear Paul Borofka:

Re: Class 1 Notification P2022_0255 - Allowed with additional terms and conditions.

This letter is to inform you that your Class 1 Notification P2022_0255 is valid as of August 17, 2022.

Your Class 1 Notification and proposed work program (August 17, 2022 - July 07, 2023) is allowed to proceed with the following terms and conditions:

- In the event that heritage resources are encountered during project operations, the operator shall immediately cease operations, mark and establish a 30 m buffer around the site so as not to further threaten or disturb heritage resources, and contact the TTC Department of Lands, Resources, and Heritage as soon as practicable.

Security may be required at any time by the Chief. The operator must furnish security within thirty (30) days of receiving the written notice from the Chief of the requirement to post security.

To help improve the environmental performance of your program, you are encouraged to

refer to the attached operational guidelines. In addition, you are encouraged to contact affected First Nations to further discuss your program.

Class 1 work cannot occur on claims/leases that have lapsed or pending claims/leases until they are granted by a Mining Recorder. Please ensure the claims/leases within your Class 1 Notification are in good standing prior to beginning your work program. Any work occurring on pending or lapsed claims/leases will be in contravention of the *Placer Mining Act* and *Territorial Lands (Yukon) Act* and representation work conducted will not be accepted by the Mining Recorder.

Please note: the notification will expire on August 16, 2023 and all reclamation must be completed at the end of the program or prior to the expiry of this notification, whichever comes first. All proposed activities must abide by Schedule 1 (Operating Conditions) of the *Placer Mining Land Use Regulation*. In the event that claims/leases lapse, a Class 3 or 4 authorization is issued, or that agreements to operate on claims/leases are dissolved, the Class 1 notification becomes null and void for that portion of the program, where there is no right to the minerals.

If you have any questions about this letter, please contact the district office by phone at 867-667-3190, fax at 867-667-5150, or email at whitehorse.mining@yukon.ca.

Sincerely,
Jennifer Walters

A/Chief of Placer Land Use
