Guo Peter

Dear Guo Peter:

Re: Class 1 Notification P2022\_0260 - Lease IW00803 - Allowed with additional terms and conditions.

This letter is to inform you that your Class 1 Notification P2022\_0260 - Lease IW00803 is valid as of August 10, 2022.

Your Class 1 Notification and proposed work program (August 20, 2022 - July 03, 2023) is allowed to proceed with the following terms and conditions:

- The operator shall conclude activities in caribou fall breeding wildlife key areas as identified on GeoYukon by September 15th each year.
- The operator shall cease work when any caribou are observed on active claim blocks until caribou move off on their own accord.
- The operator shall backfill each trench/shaft once a geological evaluation of the trench/shaft has been completed or prior to the end of the work program date identified in this Class 1, whichever occurs first.
- The operator shall ensure trenches are sloped on at least one end at a grade shallow enough to allow ungulates to exit the trench.
- The notification area is in a fossil bearing drainage. As per the Schedule 1 Operating

Conditions, all palaeontological resources uncovered during operations must be reported to the Yukon government.

Security may be required at any time by the Chief. The operator must furnish security within thirty (30) days of receiving the written notice from the Chief of the requirement to post security.

To help improve the environmental performance of your program, you are encouraged to refer to the attached operational guidelines. In addition, you are encouraged to contact affected First Nations to further discuss your program.

Class 1 work cannot occur on claims/leases that have lapsed or pending claims/leases until they are granted by a Mining Recorder. Please ensure the claims/leases within your Class 1 Notification are in good standing prior to beginning your work program. Any work occurring on pending or lapsed claims/leases will be in contravention of the *Placer Mining Act* and *Territorial Lands (Yukon) Act* and representation work conducted will not be accepted by the Mining Recorder.

Please note: the notification will expire on August 10, 2023 and all reclamation must be completed at the end of the program or prior to the expiry of this notification, whichever comes first. All proposed activities must abide by Schedule 1 (Operating Conditions) of the *Placer Mining Land Use Regulation*. In the event that claims/leases lapse, a Class 3 or 4 authorization is issued, or that agreements to operate on claims/leases are dissolved, the Class 1 notification becomes null and void for that portion of the program, where there is no right to the minerals.

If you have any questions about this letter, please contact the district office by phone at 867-667-3190, fax at 867-667-5150, or email at [whitehorse.mining@yukon.ca](mailto:whitehorse.mining@yukon.ca).

Sincerely,  
Jennifer Walters

A/Chief of Placer Land Use
