Robert Schlidt

Dear Robert Schlidt:

Re: Class 1 Notification P2022_0304 - Allowed with additional terms and conditions.

This letter is to inform you that your Class 1 Notification P2022_0304 is valid as of September 02, 2022.

Your Class 1 Notification and proposed work program (September 02, 2022 - August 31, 2023) is allowed to proceed with the following terms and conditions:

- Due to the proposed activities within the notification area heritage values were not assessed at this time. Should the operator decide that they want to include additional work, the operator must apply for an amended work program. At this time no additional ground disturbing/altering activity should take place within the project claims (other than general rock/soil sampling, prospecting, and airborne survey).

Security may be required at any time by the Chief. The operator must furnish security within thirty (30) days of receiving the written notice from the Chief of the requirement to post security.

To help improve the environmental performance of your program, you are encouraged to

refer to the attached operational guidelines. In addition, you are encouraged to contact affected First Nations to further discuss your program.

Class 1 work cannot occur on claims/leases that have lapsed or pending claims/leases until they are granted by a Mining Recorder. Please ensure the claims/leases within your Class 1 Notification are in good standing prior to beginning your work program. Any work occurring on pending or lapsed claims/leases will be in contravention of the *Placer Mining Act* and *Territorial Lands (Yukon) Act* and representation work conducted will not be accepted by the Mining Recorder.

Please note: the notification will expire on September 02, 2023 and all reclamation must be completed at the end of the program or prior to the expiry of this notification, whichever comes first. All proposed activities must abide by Schedule 1 (Operating Conditions) of the *Placer Mining Land Use Regulation*. In the event that claims/leases lapse, a Class 3 or 4 authorization is issued, or that agreements to operate on claims/leases are dissolved, the Class 1 notification becomes null and void for that portion of the program, where there is no right to the minerals.

If you have any questions about this letter, please contact the district office by phone at 867-667-3190, fax at 867-667-5150, or email at whitehorse.mining@yukon.ca.

Sincerely,
Bobbie Milnes

Chief of Placer Land Use
