Erin Adshead

Dear Erin Adshead:

Re: Class 1 Notification P2023_0011 - Allowed with additional terms and conditions.

This letter is to inform you that your Class 1 Notification P2023_0011 is valid as of March 27, 2023.

Your Class 1 Notification and proposed work program (March 27, 2023 - March 26, 2024) is allowed to proceed with the following terms and conditions:

1. The operator shall cease work when goats, caribou, or moose are observed on active claim blocks until they move off on their own accord.
2. The Proponent shall maintain a 30 meter buffer around Settlement Land parcel CTFN R04A and CTFN S-315B where no mining or mining-related activities, including access trails may occur.
3. The operator shall allow unimpeded access through the project site to First Nation citizens undergoing traditional pursuits and shall not restrict access to users of Annie Lake Road.
4. The operator shall communicate plans and timing of activities to affected First Nations as well as other land and resource users that may be affected by the proposed project as soon as practicable and prior to the commencement of project

activities to identify and resolve potential land use conflicts and any potential negative effects on other users.

5. Upon discovery of a heritage resource the proponent shall notify the Heritage Manager at the Department of Heritage, Lands & Natural Resources Department of CTFN (867.333.1491 ext.8215) in addition to the Government of Yukon, Chief of Mining Lands and Heritage Department.

Security may be required at any time by the Chief. The operator must furnish security within thirty (30) days of receiving the written notice from the Chief of the requirement to post security.

To help improve the environmental performance of your program, you are encouraged to refer to the attached operational guidelines. In addition, you are encouraged to contact affected First Nations to further discuss your program.

Class 1 work cannot occur on claims/leases that have lapsed or pending claims/leases until they are granted by a Mining Recorder. Please ensure the claims/leases within your Class 1 Notification are in good standing prior to beginning your work program. Any work occurring on pending or lapsed claims/leases will be in contravention of the *Placer Mining Act* and *Territorial Lands (Yukon) Act* and representation work conducted will not be accepted by the Mining Recorder.

Please note: the notification will expire on March 26, 2024 and all reclamation must be completed at the end of the program or prior to the expiry of this notification, whichever comes first. All proposed activities must abide by Schedule 1 (Operating Conditions) of the *Placer Mining Land Use Regulation*. In the event that claims/leases lapse, a Class 3 or 4 authorization is issued, or that agreements to operate on claims/leases are dissolved, the Class 1 notification becomes null and void for that portion of the program, where there is no right to the minerals.

If you have any questions about this letter, please contact the district office by phone at 867-667-3190, fax at 867-667-5150, or email at whitehorse.mining@yukon.ca.

Sincerely,
Kelly Constable

Chief of Placer Land Use
