Dear Jordan Lavigne,

Re: Class 1 Notification P2023\_0056 - Flyer's Allowed with additional terms and conditions.

This letter is to inform you that your Class 1 Notification P2023\_0056 is valid as of May 03, 2023.

Your Class 1 Notification and proposed work program (May 03, 2023 - May 02, 2024) is allowed to proceed with the following terms and conditions:

1. The operator shall avoid land clearing within 1 km of any observed active raptor nests between May 1st and August 15th.
2. The operator shall not fly unmanned aerial vehicles (drones) within 500 m of an observed active raptor nest during the nesting period.
3. The location of active raptor nests identified by the operator shall be reported to the Regional Biologist and the Environment Yukon, Conservation Data Centre yukoncdc@yukon.ca).
4. The map provided identifies areas with elevated potential for heritage resources. The

operator shall not conduct land-altering activities within these areas unless prior approval has been granted by the Heritage Resources Unit. The operator may contact [heritage.review@yukon.ca](mailto:heritage.review@yukon.ca) for more information on the areas of heritage potential or to discuss potential mitigation options.

5. Drill holes shall be decommissioned and backfilled or plugged to avoid wildlife entrapment.
6. If caribou are observed within 1 km of active work areas, activities shall cease until the caribou have moved away on their own accord.
7. The operator shall cease activities between September 15th and October 15th, to avoid interfering with the caribou rut.
8. If active bird nests are discovered, project activities shall be postponed in the nesting area until nesting is complete. Refer to avoidance measures link: <https://www.ceaa-acee.gc.ca/050/documents/p80054/121249E.pdf>
9. Upon discovery of a heritage resource, the Proponent shall notify the Heritage Department of the Carcross/Tagish First Nation and Taku River Tlingit First Nation, in addition to notifying the Government of Yukon, Chief of Mining Lands.
10. The operator should share wildlife observation information with Carcross/Tagish First Nation, Heritage, Lands and Natural Resources Department.
11. The operator shall ensure that equipment is washed before moved to site to prevent the introduction of exotic and invasive species.
12. The operator, and any other associated crew members, shall not engage in hunting or fishing activities within the project area.
13. The operator shall not cut/remove vegetation within settlement land (CTFN R21-B) as shown on GeoYukon.

Security may be required at any time by the Chief. The operator must furnish security within thirty (30) days of receiving the written notice from the Chief of the requirement to post security.

To help improve the environmental performance of your program, you are encouraged to refer to the attached operational guidelines. In addition, you are encouraged to contact affected First Nations to further discuss your program.

Class 1 work cannot occur on claims/leases that have lapsed or pending claims/leases until they are granted by a Mining Recorder. Please ensure the claims/leases within your Class 1 Notification are in good standing prior to beginning your work program. Any work occurring on pending or lapsed claims/leases will be in contravention of the *Placer Mining Act* and *Territorial Lands (Yukon) Act* and representation work conducted will not be accepted by the Mining Recorder.

Please note: the notification will expire on May 02, 2024 and all reclamation must be completed at the end of the program or prior to the expiry of this notification, whichever comes first. All proposed activities must abide by Schedule 1 (Operating Conditions) of the *Placer Mining Land Use Regulation*. In the event that claims/leases lapse, a Class 3 or 4 authorization is issued, or that agreements to operate on claims/leases are dissolved, the Class 1 notification becomes null and void for that portion of the program, where there is

no right to the minerals.

If you have any questions about this letter, please contact the district office by phone at 867-667-3190, fax at 867-667-5150, or email at [whitehorse.mining@yukon.ca](mailto:whitehorse.mining@yukon.ca).

Sincerely,  
Kelly Constable
