Dear Brian Kraushaar,

Re: Class 1 Notification P2023_0174 - HOWLIN WOLF 6 Allowed with additional terms and conditions.

This letter is to inform you that your Class 1 Notification P2023_0174 is valid as of June 13, 2023.

Your Class 1 Notification and proposed work program (July 13, 2023 - June 12, 2024) is allowed to proceed with the following terms and conditions:

1. The map provided identifies areas with elevated potential for heritage resources. The operator shall not conduct land-altering activities within these areas unless prior approval has been granted by the Heritage Resources Unit. The operator may contact heritage.review@yukon.ca for more information on the areas of heritage potential or to discuss potential mitigation options.
2. Upon discovery of a heritage resource the proponent shall notify the Heritage Department of Champagne and Aishihik First Nations (rnakoochee@cafn.ca) in addition to the Government of Yukon, Manager, Mining Lands and Heritage

- Department.
3. The operator should share wildlife observation information with Champagne and Aishihik First Nations, Heritage, Lands and Resources Department (867-634-4200 Ext: 255).
 4. The proponent shall communicate plans and timing of activities to Champagne and Aishihik First Nations Manager of Environment and Natural Resources (867-634-4200 Ext: 217).
 5. The Proponent is reminded that all activities performed under this Class 1 notification, including the camp, shall be fully reclaimed within 12 months of the issuance of this notification, or by the end of the proposed work program, whichever occurs first.

Security may be required at any time by the Chief. The operator must furnish security within thirty (30) days of receiving the written notice from the Chief of the requirement to post security.

To help improve the environmental performance of your program, you are encouraged to refer to the attached operational guidelines. In addition, you are encouraged to contact affected First Nations to further discuss your program.

Class 1 work cannot occur on claims/leases that have lapsed or pending claims/leases until they are granted by a Mining Recorder. Please ensure the claims/leases within your Class 1 Notification are in good standing prior to beginning your work program. Any work occurring on pending or lapsed claims/leases will be in contravention of the *Placer Mining Act* and *Territorial Lands (Yukon) Act* and representation work conducted will not be accepted by the Mining Recorder.

Please note: the notification will expire on June 12, 2024 and all reclamation must be completed at the end of the program or prior to the expiry of this notification, whichever comes first. All proposed activities must abide by Schedule 1 (Operating Conditions) of the *Placer Mining Land Use Regulation*. In the event that claims/leases lapse, a Class 3 or 4 authorization is issued, or that agreements to operate on claims/leases are dissolved, the Class 1 notification becomes null and void for that portion of the program, where there is no right to the minerals.

If you have any questions about this letter, please contact the district office by phone at 867-667-3190, fax at 867-667-5150, or email at whitehorse.mining@yukon.ca.

Sincerely,
Paul Inglis
