Dear Holsten Megan ,

Re: Class 1 Notification P2023\_0351 - ID02091 Hunker Creek Allowed with additional terms and conditions.

This letter is to inform you that your Class 1 Notification P2023\_0351 is valid as of September 29, 2023.

Your Class 1 Notification and proposed work program (September 29, 2023 - September 29, 2024) is allowed to proceed with the following terms and conditions:

1. The notification area is in a fossil-bearing drainage. As per the Schedule 1 Operating Conditions, all palaeontological resources uncovered during operations must be reported to the Government of Yukon and the affected First Nation on whose traditional territory the resources are uncovered.
2. The map provided identifies areas with elevated potential for heritage resources. The operator shall not conduct land-altering activities within these areas unless prior approval has been granted by the Heritage Resources Unit. The operator may contact [heritage.review@yukon.ca](mailto:heritage.review@yukon.ca) for more information on the areas of heritage

- potential or to discuss potential mitigation options.
3. The operator shall install and maintain safety fencing around all trenches/shafts deeper than two meters and install covers over the openings of all trenches/shafts with material capable of preventing people or wildlife from inadvertently falling into the trenches/shafts.
  4. The operator shall backfill each trench/shaft once a geological evaluation of the trench/shaft has been completed or prior to the end of the work program date identified in this Class 1, whichever occurs first.
  5. The operator shall suspend exploration activities if caribou are observed within 1 km of active work areas, until they move off on their own accord.
  6. The operator shall share wildlife observation information (wildlife log) with Tr'ondëk Hwëch'in and First Nation of Na-Cho Ny?k Dun, prior to the expiry of this Notification.
  7. Upon discovery of a heritage resource the proponent shall notify the Heritage Department of First Nation Na-Cho Nyäk Dun (867-996-2265 ext.116) in addition to the Government of Yukon, Manager, Mining Lands and Heritage Department.

Security may be required at any time by the Chief. The operator must furnish security within thirty (30) days of receiving the written notice from the Chief of the requirement to post security.

To help improve the environmental performance of your program, you are encouraged to refer to the attached operational guidelines. In addition, you are encouraged to contact affected First Nations to further discuss your program.

Class 1 work cannot occur on claims/leases that have lapsed or pending claims/leases until they are granted by a Mining Recorder. Please ensure the claims/leases within your Class 1 Notification are in good standing prior to beginning your work program. Any work occurring on pending or lapsed claims/leases will be in contravention of the *Placer Mining Act* and *Territorial Lands (Yukon) Act* and representation work conducted will not be accepted by the Mining Recorder.

Please note: the notification will expire on September 29, 2024 and all reclamation must be completed at the end of the program or prior to the expiry of this notification, whichever comes first. All proposed activities must abide by Schedule 1 (Operating Conditions) of the *Placer Mining Land Use Regulation*. In the event that claims/leases lapse, a Class 3 or 4 authorization is issued, or that agreements to operate on claims/leases are dissolved, the Class 1 notification becomes null and void for that portion of the program, where there is no right to the minerals.
