Dear Theodore Klein,

Re: Class 1 Notification P2023_0356 - Sandra Allowed with additional terms and conditions.

This letter is to inform you that your Class 1 Notification P2023_0356 is valid as of October 19, 2023.

Your Class 1 Notification and proposed work program (October 19, 2023 - October 18, 2024) is allowed to proceed with the following terms and conditions:

1. Heritage resources located on Settlement Land are owned and managed by the First Nation. There are documented historical features (the Yukon Ditch) within the notification area, as identified on the map provided. The operator shall not engage in ground-disturbing activities within 30 m of the historic feature unless prior approval has been granted by the Chief of Mining Land Use. The operator is encouraged to contact the Tr?ondëk Hwëch?in Heritage Department and Lee Whalen at the Historic Sites Unit (lee.whalen@yukon.ca) for more information on the historic sites/reserves prior to conducting any potentially ground disturbing activities.

2. This Project is located on one claim, P 07826, overlapping Tr'ondëk Hwëch'in Settlement Land parcel R-20A. If the proponent is planning works on Tr'ondëk Hwëch'in Settlement Land, as is indicated on their application, they should obtain a valid Tr'ondëk Hwëch'in Access Notice Certificate from Tr'ondëk Hwëch'in.

Security may be required at any time by the Chief. The operator must furnish security within thirty (30) days of receiving the written notice from the Chief of the requirement to post security.

To help improve the environmental performance of your program, you are encouraged to refer to the attached operational guidelines. In addition, you are encouraged to contact affected First Nations to further discuss your program.

Class 1 work cannot occur on claims/leases that have lapsed or pending claims/leases until they are granted by a Mining Recorder. Please ensure the claims/leases within your Class 1 Notification are in good standing prior to beginning your work program. Any work occurring on pending or lapsed claims/leases will be in contravention of the *Placer Mining Act* and *Territorial Lands (Yukon) Act* and representation work conducted will not be accepted by the Mining Recorder.

Please note: the notification will expire on October 18, 2024 and all reclamation must be completed at the end of the program or prior to the expiry of this notification, whichever comes first. All proposed activities must abide by Schedule 1 (Operating Conditions) of the *Placer Mining Land Use Regulation*. In the event that claims/leases lapse, a Class 3 or 4 authorization is issued, or that agreements to operate on claims/leases are dissolved, the Class 1 notification becomes null and void for that portion of the program, where there is no right to the minerals.

If you have any questions about this letter, please contact the district office by phone at 867-993-5343, fax at 867-993-6747, or email at dawson.mining@yukon.ca.

Sincerely,
Paul Inglis
