Max Fuerstner

Dear Max Fuerstner:

Re: Class 1 Notification Q2022_0075 - Allowed with additional terms and conditions.

This letter is to inform you that your Class 1 Notification Q2022_0075 is valid as of May 10, 2022.

Your Class 1 Notification and proposed work program (May 15, 2022 - October 31, 2022) is allowed to proceed with the following terms and conditions:

- Please note that due to the size of the notification area the heritage assessment was limited to proposed work areas. The operator shall contact Holly Smith at the Heritage Resources Unit (867-332-4057 or holly.smith@gov.yk.ca) for information on heritage values should your work locations change as additional heritage assessment may be required, or to discuss potential mitigation options prior to conducting any ground disturbing activities.
- There are documented historical features within the notification area, as identified on the map provided. The operator shall not engage in ground-disturbing activities within 30 m of these sites unless prior approval has been granted by the Chief of Mining Land Use. The operator is encouraged to contact Lee Wallen at the Historic Sites Unit (867-332-4057 or lee.wallen@yukon.ca) for more information on the

- historic sites prior to conducting any potentially ground disturbing activities.
- The map provided identifies areas with elevated potential for heritage resources. The operator shall avoid ground disturbing activities within this/these areas unless prior approval has been granted by the Heritage Resources Unit. The operator may contact Holly Smith at the Heritage Resources Unit (867-332-4057 or holly.smith@yukon.ca) for more information on the areas of heritage potential to discuss potential mitigation options prior to conducting any ground disturbing activities.

Security may be required at any time by the Chief. The operator must furnish security within thirty (30) days of receiving the written notice from the Chief of the requirement to post security.

To help improve the environmental performance of your program, you are encouraged to refer to the attached operational guidelines. In addition, you are encouraged to contact affected First Nations to further discuss your program.

Class 1 work cannot occur on claims/leases that have lapsed or pending claims/leases until they are granted by a Mining Recorder. Please ensure the claims/leases within your Class 1 Notification are in good standing prior to beginning your work program. Any work occurring on pending or lapsed claims/leases will be in contravention of the *Quartz Mining Act* and *Territorial Lands (Yukon) Act* and representation work conducted will not be accepted by the Mining Recorder.

Please note: the notification will expire on May 09, 2023 and all reclamation must be completed at the end of the program or prior to the expiry of this notification, whichever comes first. All proposed activities must abide by Schedule 1 (Operating Conditions) of the *Quartz Mining Land Use Regulation*. In the event that claims/leases lapse, a Class 3 or 4 authorization is issued, or that agreements to operate on claims/leases are dissolved, the Class 1 notification becomes null and void for that portion of the program, where there is no right to the minerals.

If you have any questions about this letter, please contact the district office by phone at 867-667-3190, fax at 867-667-5150, or email at whitehorse.mining@yukon.ca.

Sincerely,
Bobbie Milnes

Chief of Mining Land Use
