Q2022\_0211  
By Email

Jack Milton

Dear Jack Milton:

Re: Class 1 Notification Q2022\_0211 - Allowed with additional terms and conditions.

This letter is to inform you that your Class 1 Notification Q2022\_0211 is valid as of July 08, 2022.

Your Class 1 Notification and proposed work program (July 10, 2022 - October 20, 2022) is allowed to proceed with the following terms and conditions:

- Due to the scope of the project and number of claims, it was not possible to assess it in its entirety. The operator is encouraged to contact Holly Smith at the Heritage Resources Unit (867-332-4057 or holly.smith@yukon.ca), if the proponent identifies discrete work areas that involve ground disturbing activities (such as trenching, trail building, drilling), as heritage values would be provided and/or need to be assessed. At this time no additional ground disturbing/altering activity should take place within the project claims, until clearance has been given for heritage values (other than general rock/ soil sampling, prospecting, and LiDAR survey).
- The operator shall communicate plans and timing of activities to affected First Nations as soon as practicable and prior to the commencement of project activities to identify and resolve potential land use conflicts and any potential negative effects

- on other users.
- The operator shall make best attempts at avoiding and/or minimizing all helicopter activity during the moose hunting season (August 15 to September 30), except for emergency or safety reasons.
  - The operator shall cease work when any moose are observed on active claim blocks until the moose move off on their own accord.

Security may be required at any time by the Chief. The operator must furnish security within thirty (30) days of receiving the written notice from the Chief of the requirement to post security.

To help improve the environmental performance of your program, you are encouraged to refer to the attached operational guidelines. In addition, you are encouraged to contact affected First Nations to further discuss your program.

Class 1 work cannot occur on claims/leases that have lapsed or pending claims/leases until they are granted by a Mining Recorder. Please ensure the claims/leases within your Class 1 Notification are in good standing prior to beginning your work program. Any work occurring on pending or lapsed claims/leases will be in contravention of the *Quartz Mining Act* and *Territorial Lands (Yukon) Act* and representation work conducted will not be accepted by the Mining Recorder.

Please note: the notification will expire on July 07, 2023 and all reclamation must be completed at the end of the program or prior to the expiry of this notification, whichever comes first. All proposed activities must abide by Schedule 1 (Operating Conditions) of the *Quartz Mining Land Use Regulation*. In the event that claims/leases lapse, a Class 3 or 4 authorization is issued, or that agreements to operate on claims/leases are dissolved, the Class 1 notification becomes null and void for that portion of the program, where there is no right to the minerals.

If you have any questions about this letter, please contact the district office by phone at 867-667-3190, fax at 867-667-5150, or email at [whitehorse.mining@yukon.ca](mailto:whitehorse.mining@yukon.ca).

Sincerely,  
Bobbie Milnes
