Dear Green Rock,

Re: Class 1 Notification Q2023\_0049 - Quartz soil sampling program 2024 Allowed with additional terms and conditions.

This letter is to inform you that your Class 1 Notification Q2023\_0049 is valid as of January 04, 2024.

Your Class 1 Notification and proposed work program (December 04, 2023 - December 02, 2024) is allowed to proceed with the following terms and conditions:

1. The operator shall install and maintain safety fencing around all [trenches/shafts] deeper than two meters and install covers over the openings of all [trenches/shafts] with logs, or similar material capable of preventing people or wildlife from inadvertently falling into the [trenches/shafts].

Security may be required at any time by the Manager, Mining Land Use. The operator must furnish security within thirty (30) days of receiving the written notice from the Chief of

the requirement to post security.

To help improve the environmental performance of your program, you are encouraged to refer to the attached operational guidelines. In addition, you are encouraged to contact affected First Nations to further discuss your program.

Class 1 work cannot occur on claims/leases that have lapsed or pending claims/leases until they are granted by a Mining Recorder. Please ensure the claims/leases within your Class 1 Notification are in good standing prior to beginning your work program. Any work occurring on pending or lapsed claims/leases will be in contravention of the *Quartz Mining Act* and *Territorial Lands (Yukon) Act* and representation work conducted will not be accepted by the Mining Recorder.

Please note: the notification will expire on December 03, 2024 and all reclamation must be completed at the end of the program or prior to the expiry of this notification, whichever comes first. All proposed activities must abide by Schedule 1 (Operating Conditions) of the *Quartz Mining Land Use Regulation*. In the event that claims/leases lapse, a Class 3 or 4 authorization is issued, or that agreements to operate on claims/leases are dissolved, the Class 1 notification becomes null and void for that portion of the program, where there is no right to the minerals.

If you have any questions about this letter, please contact the district office by phone at 867-667-3190, fax at 867-667-5150, or email at [whitehorse.mining@yukon.ca](mailto:whitehorse.mining@yukon.ca).
