Dear Mr. Ayranto,

Re: Request to defer environmental audit – Eagle Gold Mine, Yukon

Pursuant to Section 12.1 of Quartz Mining License QML-0011 for the Eagle Gold Mine, an environmental audit must be conducted no later than October 1st, 2018. On June 4th, 2018, StrataGold Corporation submitted a written request to defer the audit given the limited scope of the development activities, and no production activities yet undertaken at the Eagle Gold Mine to date.

After consideration, I agree with this conclusion and defer the requirement for an environmental audit in 2018. The next environmental audit must be conducted no later than October 1st, 2020.

Please do not hesitate to contact me at (867) 667-8708 if you have any questions or wish to discuss.

Sincerely,

Paul Christman, P.Eng., P.Geo.
