Additional information – the following information must be submitted, depending on the nature of request.

Depending on the nature, magnitude or location of any given application, an applicant may be required to undertake and provide further studies or assessments. This may include, but is not limited to such things as: environmental impact assessments, fisheries studies, geotechnical investigations, further public consultation etc.

If the application is within the boundaries of a municipality, provide written confirmation from that municipality that either:

- the proposed use is in compliance with existing planning and zoning schemes, or
- the proposed use is **not** currently in compliance with existing planning or zoning, but will be considered through an established public zoning/planning amendment process.

Development requirements: subdivision applications may include conditions requiring certain work to be performed.

- In some cases, public infrastructure included in subdivisions will be transferred and become the responsibility of the government or municipality. This includes such things as roads, streets, parks, public utility lots, water and sewer services, etc. To ensure that subdivisions are developed to accepted standards, there may be a requirement for a development agreement to be entered into between the parties. This development agreement may include the provision for the applicant to post performance security.

If the application has an agent include:

- a document signed by the registered owner(s) of land(s) authorizing the listed agent to act on their behalf.

Applicant/owner consent

I/we certify that I am/we are the registered owner(s) of the land described in this application.

I/we certify that all of the submitted information is true and correct to the best of my knowledge and belief.

I/we understand that any misrepresentation of submitted data may invalidate any approval of this application.
