- 2. The Company will submit to this office, on Tuesday of each week, the latest reports received by radio on the progress of the well.
- 3. During well drilling and testing operations, every effort shall be made to ensure that drilling fluids, chemicals and wastes shall be disposed of or contained in a manner that will prevent the contamination of adjacent vegetation and surface or sub-surface waters.
- 4. We draw your attention to Sections 95 and 96 of the Canada Oil and Gas Land Regulations.

B.H.J. Thoms, Oil Conservation Engineer
